Safety Signage, An Investment You Need

If your business can relate to any of the following challenges, it may be time to invest in custom safety signage for your workplace.

- 1** High Business Expenses due to Injuries and Fatalities in the Workplace
- 2** Employees and Customers not Respecting Posted Messages
- 3** Low Morale in the Workplace

Lower Business Expenses by reducing injuries and fatalities in the workplace with an effective safety campaign and communication. Recently, the U.S. Bureau of Labor Statistics (BLS) reported over 2.8 million cases of a nonfatal workplace injury or illness occurred, and the highest recorded being healthcare, retail, and manufacturing. These injuries resulted in a total cost of work injuries at \$170.8 billion. This figure includes wage and productivity losses of \$52.4 billion, medical expenses of \$35.0 billion, and administrative expenses of \$57.6 billion, per the National Safety Council. A customized message tailored to your business not only demonstrates a commitment to your company but also the safety of your employees, visitors, and customers.

Increase Employees Response by posting new stock or custom safety signage with fresh designs, unique messages and long-lasting materials can capture employees, visitors, and customers' attention while leaving a lasting impression. Outdated signage can have a negative impact on people's adherence to safety messages. Worn out, damaged, faded, dirty or inaccurate messages, language barriers and sign-fatigue are a handful of the reason's viewers may ignore safety messages. Therefore, safety signage should be replaced before becoming outdated or irrelevant.

Improve Work Productivity by increasing morale with motivational displays. Low morale can make employees feel disengaged from their workplace and often result in dissatisfaction, low productivity, absenteeism, and potential turnover. The Engagement Institute released a study of 1,500 respondents showing that disengaged employees cost organizations between \$450 and \$550 billion a year. Businesses' most significant assets are committed employees. That is why investing in signage to boost company morale should be part of any strategic business plan. When company morale is boosted, employees are more engaged and make safer choices.

Overall, a safer workplace increases employees' confidence and job satisfaction and reduces severe casualties due to accidents and reduces your worker compensation accident rating and bills. Safe workplaces have happier, more motivated employees that are committed and invested in the company.

of traffic

Safety Tags

Design tags catered to your unique situations such as color-coding systems, company logos and information, or to communicate a specific safety message through the front gate to the back dock.

Safety Signs

Don't settle for just any old sign when it comes to workplace safety and compliance. Create a custom OSHA and ANSI header sign and more with the exact message you need.

Safety Labels

Whether you require a short- or long-run label, a unique shape or size, or a personalized design with original imagery, custom labels are as tough and dedicated as your workforce.

5S Lean Store-Boards™

With these boards, you can clearly identify a place for everything while reducing clutter, accidents, and costs.

Hard Hat Labels

Our hard hat waterproof labels can be customized to convey your own message with graphics, logos, and images.

Floor Markings

Capture the attention of others by leveraging the floors of your facility to communicate custom messages around walkways, work areas, and entrances.

Digi-Day® 3 Scoreboards

Promote an accident-free workplace and raise safety awareness by tracking your safe days with one of our custom Digi-Day® 3 Scoreboards.

Banners and Posters

Whether it is a custom welding banner or a “Yes We Are Open” poster, we can meet your needs with the right materials and perfect size.

Pipe Markers

Try our reflective pipe markers for low-light situations, Snap Tite™ pipe markers for use on less-than -perfect pipe surface, or our self-stick vinyl to identify pipe contents and directional flow.

Materials

Whether your application is battling the elements outdoors or simply a need for tear-resistant, we got you covered. Our comprehensive selection of materials are designed to meet your safety needs.

Signs

Adhesive Vinyl – Ideal for indoor and sheltered outdoor marking needs. Flexible vinyl with a printed matte surface. Permanent acrylic adhesive back with peel-off liner.

Plastic – Durable for indoor and sheltered outdoor use. The print has a clear UV Duck Armor™ Liquid Laminate protective overcoat. 50% of recycled plastic content has UV inhibitors and impact resistance. Rounded corners with mounting holes.

Aluminum – Ideal for tough indoor and harsh outdoor locations. Rigid aluminum provides metal strength without rust. The print has a clear UV Duck Armor™ Liquid Laminate protective overcoat. Withstands washdown, abrasion, and chemical splash—rounded corners with mounting holes.

Reflective Aluminum – Engineer-grade prismatic reflective thick aluminum provides added visibility in lowlight conditions. The print has a clear UV Duck Armor™ Liquid Laminate protective overcoat. Rounded corners with center post-mount holes. Durable for outdoor location.

Labels

Adhesive Vinyl – Flexible vinyl with the printed surface. Mount with permanent acrylic adhesive back with peel-off liner—ideal for indoor and protected outdoor placement.

Adhesive Dura-Vinyl™ – Flexible vinyl with a clear UV Duck Armor™ Liquid Laminate protective overcoat. Mount with permanent acrylic adhesive back with peel-off liner. Durable for indoor and outdoor placement.

Magnetic Vinyl – Flexible magnetic vinyl can place, lift, and replace on most steel or ferrous metal. The print has a clear overlamine to resist chipping and cracking.

Tags

PF-Cardstock – Pulp-free tags have no wood pulp or paper content, unlike standard cardstock tags, and are available at an economical price. Poly-based tags will not crack, distort, or shrink and can be used for applications indoor and short-term outdoor.

RP-Plastic – High-strength rigid plastic tag is ideal for use in industrial environments – resists chemicals, tears, and abrasions. The surface is easy to write on with a pen or marker, resist scuffs, and can be used indoors or temporally outdoors.

HS-Laminate – Nearly indestructible tag is made to withstand tough, abusive conditions and is ideal for indoor or outdoor use. This cardstock tag is hard-sealed by a thick laminate on both sides and is tear-proof, weatherproof, chemical-resistant, and is easy to write on.

PERSONALIZE IT!

Creating Custom: Easy As 1, 2, 3

- 1** Identify the material you need for your custom project.
- 2** Determine the best size for your custom message.
- 3** Provide your desired message, colors, logos, and unique finishing requirements to your dedicated customer service team.

What You Need to Know

If you have never ordered a custom sign before, there are a few things to consider. As you get started, look at these important areas. By considering these elements, you are certain to receive a quality product that will meet all of your specifications.

COLORS

Help your message stand out.
Add as many as you need,
without additional charges.

MESSAGE

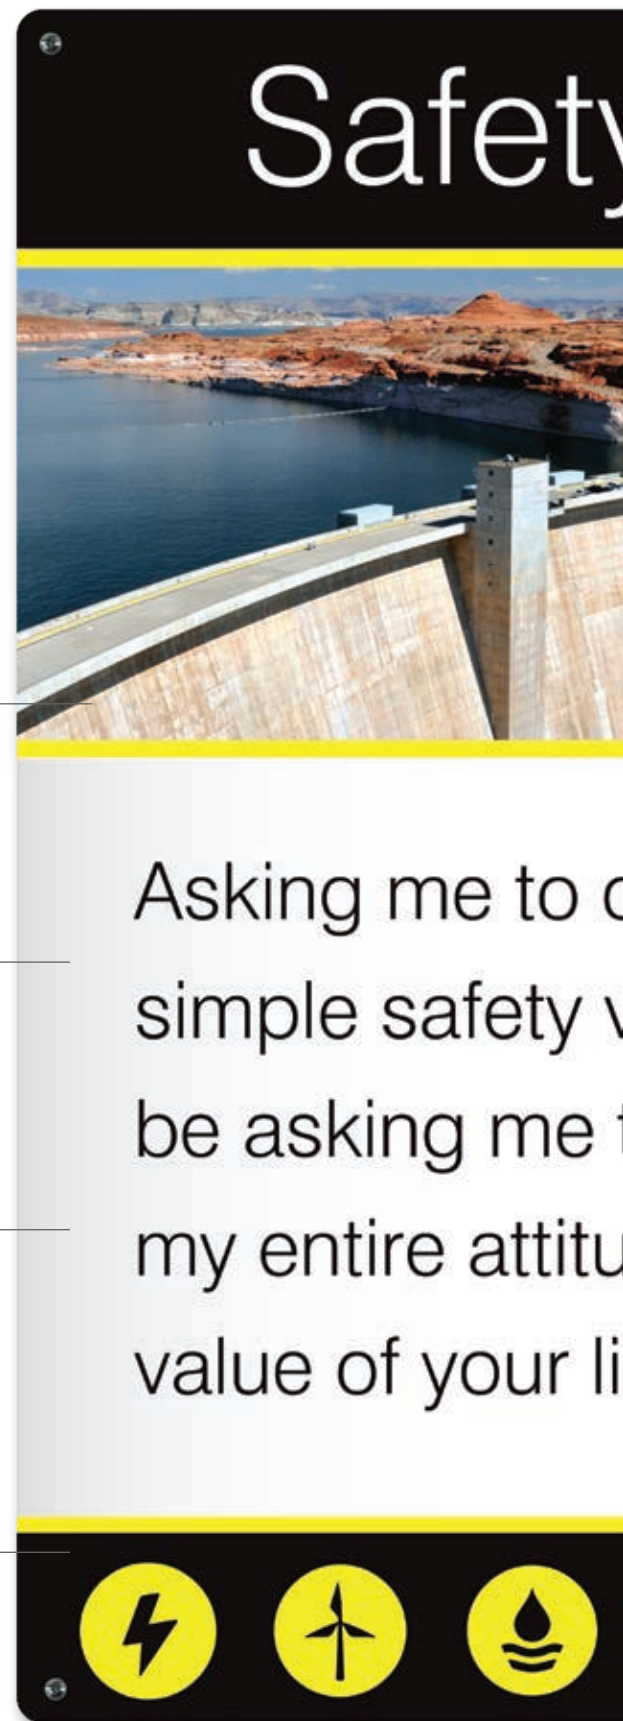

Your message (or legend)
communicates the necessary
information. Be short and distinct.

FONT

Consider using upper and
lower case fonts, which are
often easier to read.

OVERALL SIZE

Whether your sign is outside where
drivers need to see it, or inside
where someone will be next to it,
the size of your sign will matter.

HEADER

Select a header that's most appropriate for the message you wish to communicate. Headers designate the degree of hazard severity of safety signs.

LOGOS

Instill company pride by adding your corporate branding.

FULL COLOR IMAGES

Personalize it with a photo of your facility, an employee, or whatever you can imagine.

MATERIAL

Inside or outside? Environmental conditions will often dictate the material you choose. Select the material that is most appropriate for the environment where your sign will be located.

Custom ... Because Your Facility is Unique

Customizing your safety signage keeps your company top of mind with your employees and customers while reinforcing your commitment to safety.

Whether you need a custom message, a personalized design with original imagery and logos, or require a unique shape or size, our “Yes, We Can!” approach will shine through when we create the right sign, label, tag, or floor marking solution for you.
