The Visual Advantage

Identification Essentials that Support a Lean Workplace

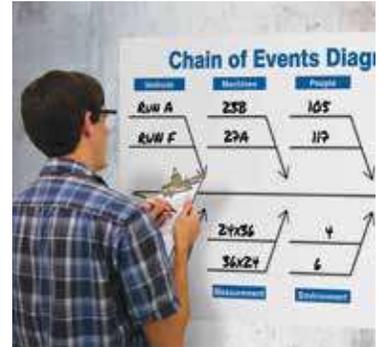

Shadow Boards

A visual management tool used in workplaces to organize and store tools and equipment. This system enhances workplace organization, promotes efficiency, and helps maintain a standardized and lean work environment.

KPI Boards

A visual display that tracks and communicates key metrics and performance indicators within an organization. It provides a real-time snapshot of critical data, enabling teams to monitor progress, make informed decisions, and align their efforts with strategic goals.

Safety Projectors

Designed to enhance workplace safety by projecting noticeable visual warnings or crosswalks onto surfaces. Visible even in low-light conditions, contributing to accident prevention and improved overall safety.

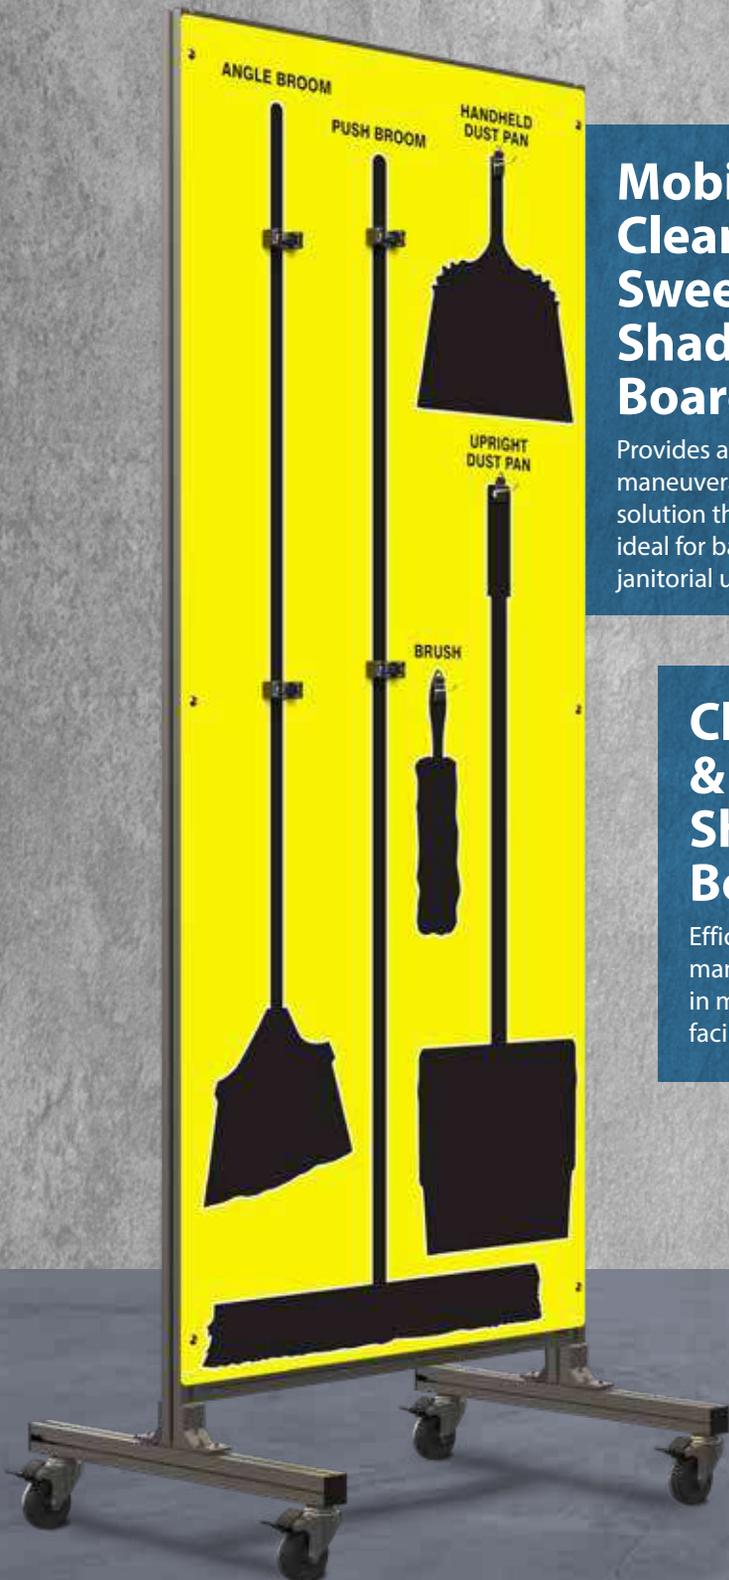

Crosswalk Kits

Crosswalks serve as designated pedestrian pathways, helping ensure the safe movement of employees and visitors across busy areas where vehicles, such as forklifts and pallet jacks, may be in operation.

EXPERTS IN TOOL STORAGE

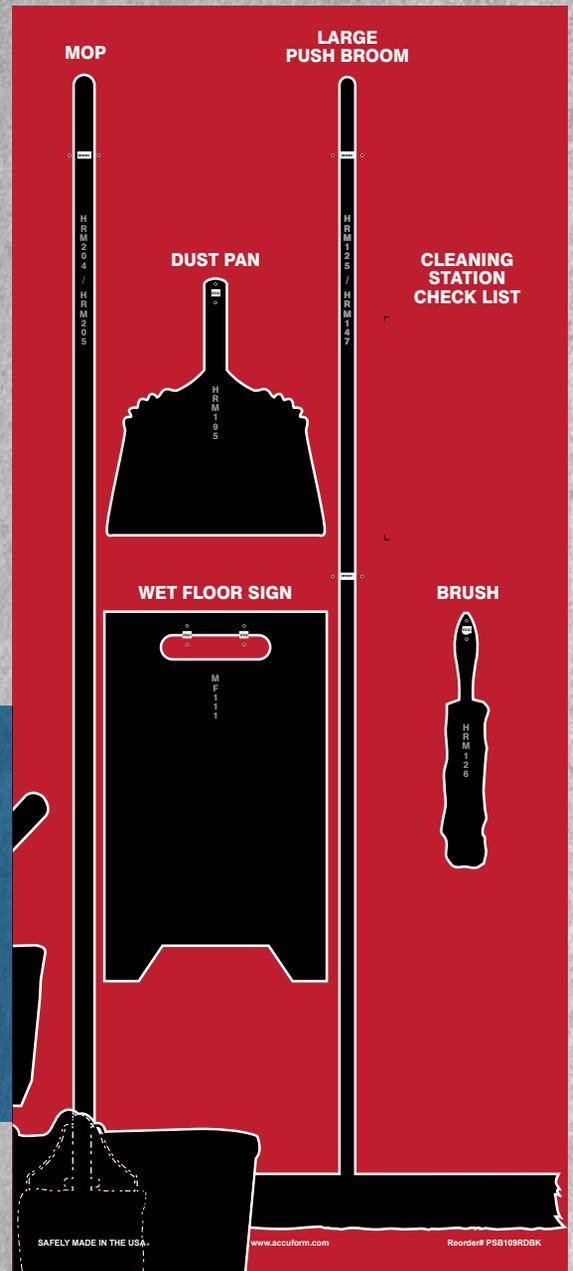

Mobile Clean & Sweep Shadow Boards

Provides a maneuverable solution that is ideal for basic janitorial usage.

Clean & Mop Shadow Boards

Efficiently manage spills in maintenance facilities.

& TOOL ORGANIZATION

Fall Protection Shadow Boards

Optimal solution for efficiently storing and organizing your harnesses and lanyards, ensuring constant accessibility for your workers.

Battery Charging Station Shadow Boards

Enhance the organization of your battery changing PPE for quick and convenient access.

Packaging Area Shadow Boards

Streamline the integration of 5S principles in your stock and shipping areas with Shadow Boards.

Engineered Materials

Visual solutions printed on engineered materials, designed specifically for your workplace setting.

Clean & Sweep Shadow Boards & Combo Kits

Our Clean & Sweep Shadow Boards support an effective and streamlined response to spills and messes in any facility.

- Available in a variety of materials to match your environment
- 4 color options available with your choice of either black or white tool shadows
- Shadow Board Dimensions: 68"H x 30"W
- Boards include mounting hardware for tools
- Some assembly required; Instruction and assembly hardware included
- Mobility designed to reduce physical stress or work-related strains
- Ensures tools are easily accessible at point of use

Mobile Cart Solutions

5S Compliance and Communication Where it's Needed Most.

Mobile carts provide a maneuverable solution to effectively support the organization of cleaning equipment, tools and more within the workplace, in addition to delivering point-of-need communication.

Available in three sizes, the anodized aluminum frame with casters allow mounted KPI boards and shadow boards (stock or custom), to move from workspace to workspace.

About our Mobile Carts

- Three popular cart sizes
- (4) Swivel, locking casters; zinc-plated steel housing
- 2" diameter rubber coated wheels
- Some assembly required; instructions and assembly hardware included
- PSB200 fits our Clean & Sweep/Mop Shadow Boards, as well as our Wet & Dry Zone Cleaning Station Shadow Boards
- Custom boards can be designed to fit mobile carts

Item No.	Size	Unit
PSB200	16" x 24"	Each
PSB201	72" x 36"	Each
PSB202	72" x 47 1/2"	Each

Material Selection Guide

Aluma-Lite™ (ACP)

Ultra-lightweight properties combined with high-strength and rugged engineering make this composite aluminum sign extremely durable.

- Basic maintenance and janitorial usage
- Dual-layered aluminum with plastic core
- 50% lighter than Aluminum Grade
- Temperature range of -60° to 180°F
- Features anti-static properties
- Protected with Sign Muscle®
- Lifetime Guarantee

Industrial Grade Aluminum

Specially formulated for rugged industrial conditions where performance matters

- Designed for rugged industrial conditions
- Subsurface ink will not chip, peel, or deteriorate in harsh conditions
- Temperature range of -60° to 260°F
- A perfect balance of ruggedness and aesthetic appeal
- Lifetime Guarantee

Accu-Shield™

Provides the strength of metal, yet never rusts and features resistance against abrasions and impacts for industrial strength applications.

- Great for industrial, manufacturing & construction usage
- Superior strength & rigidity
- Corrosion resistant
- Temperature range of -40° to 250°F
- Protected with Sign Muscle®
- Lifetime Guarantee

Accu-Shield™ FBX Food & Medical Grade

Engineered for food and beverage processing applications. Accu-Shield™ FBX can withstand high pressure washdowns and more.

- Designed for food processing and wash down environments
- Subsurface ink will not chip, peel, or deteriorate
- Pressure washable
- Temperature range of -30° to 190°F
- Antimicrobial properties

CUSTOMIZE IT! in 4 Easy Steps

STEP 1

Choose Your Material

- **Aluma-Lite™ (ACP)** 
- **Accu-Shield™** 
- **Industrial Grade Aluminum**
- **Accu-Shield™ FBX Food & Medical Grade**

STEP 2

Measure

Measure the space where your shadow board will hang. Or let us know if your board will need to be mounted to a mobile cart.

STEP 3

Tell Us About Your Tools

Option 1

Take a clear, straight on picture of each tool next to a ruler. Provide us with a general overview of the estimated size of the board need.

*Kobalt 3-Blade Utility Knife
Item #365654 Model # 55908*

Option 2

Provide a list of tools along with their manufacturer, part number, and description.

STEP 4

Provide us with:

Your Logo

High res/vector art

Your Colors

Background, shadow, font colors

Your Message

Tool names, part numbers, department

KPI BOARDS

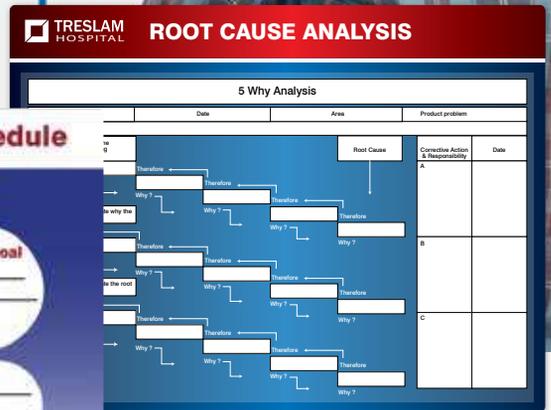

Dry Erasable for Daily Updating

KPI Boards are an important tool for communication, learning and performance. They enhance understanding and engagement in various contexts.

Inform employees about Key Performance Indicators (KPIs) such as production and quality targets, schedules and operational progress or challenges.

They can also be used to support 5S Lean/Kaizen activities. These dry erase boards provide a quick and easy way to update metrics and messages throughout the day, month or quarter.

KEY PERFORMANCE INDICATORS

CUSTOMIZE IT!

Ultra Aluma-Lite™

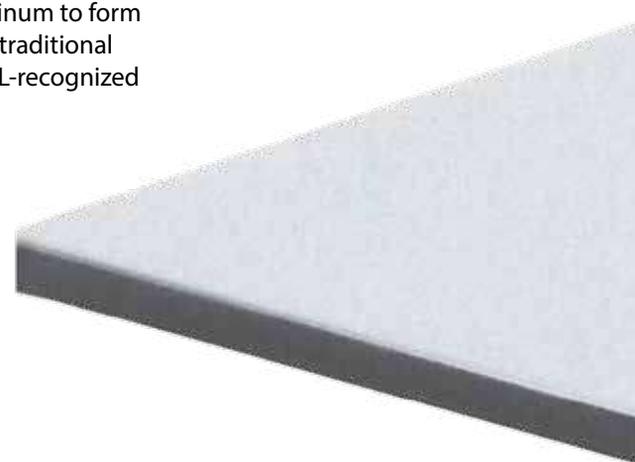

Ultra Aluma-Lite™ features a composite plastic core bonded by two layers of aluminum to form an extremely durable product. Composite aluminum is an excellent alternative to traditional aluminum. It's light-weight (40% lighter than solid aluminum), Eco-friendly, and UL-recognized for "electrical signage" (UL94-VO).

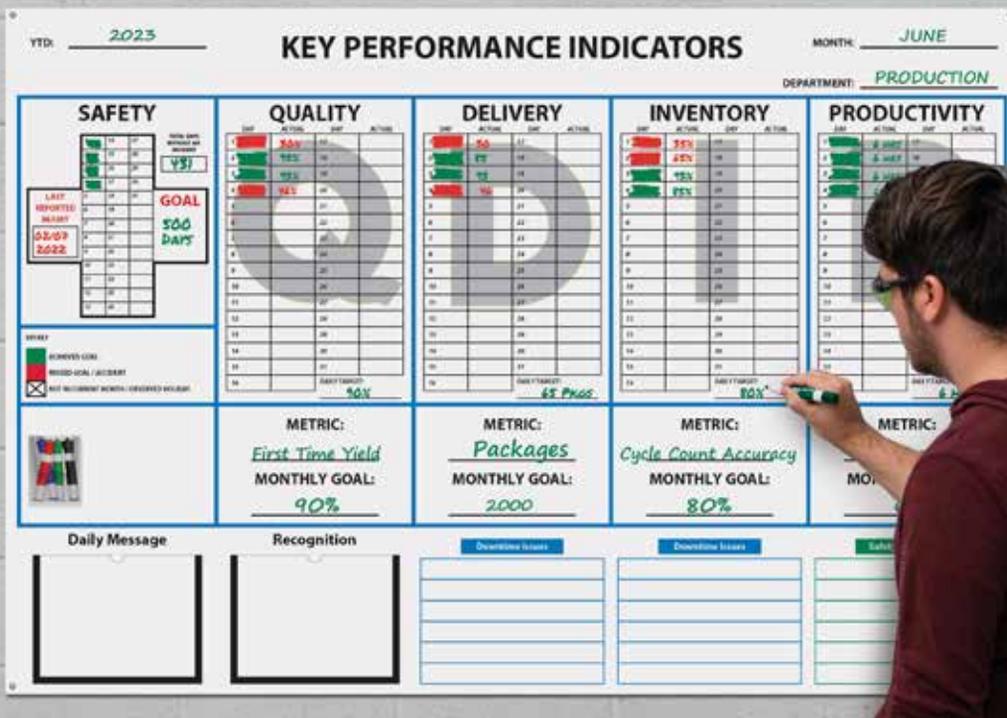

Key Features

- Corrosion and impact resistant
- Ideal for use with Ultra-Cling™ (see pg 20)
- Stain and scratch resistant
- Service Temperature: -40° to 170°F

Applications

- Industrial environments
- Manufacturing
- Warehouse & Fulfillment Centers
- Construction

SQDIP & SQCIP KPI-Boards

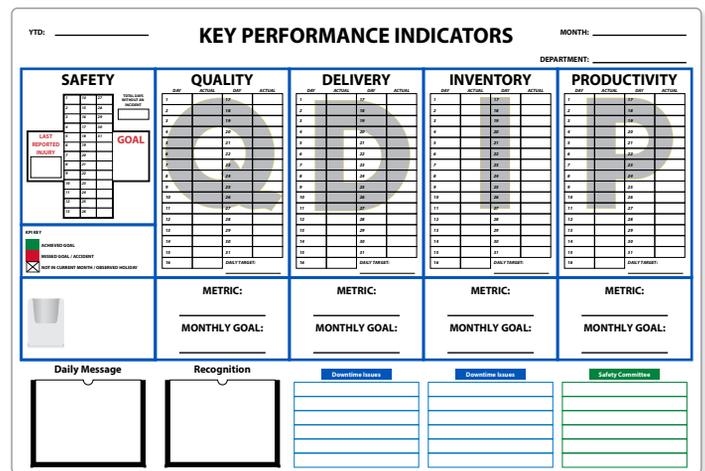

Dry erase SQDIP & SQCIP KPI-Boards are an effective tool for monitoring and improving the safety, quality, delivery, cost, inventory and productivity of your organization in real time.

Key Features

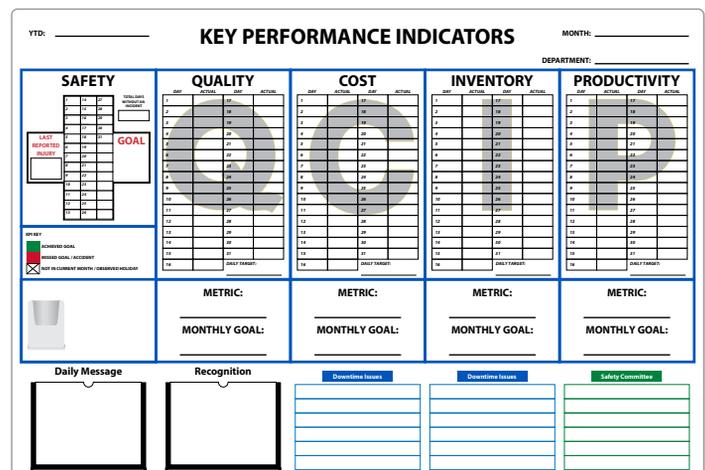

- Dry erase boards available in 2 different designs, SQDIP & SQCIP.
- Includes 2 landscape-style document holders: 8 1/2"H x 11"W.
- Includes 1 dry erase marker and eraser holder: 4 3/4"H x 3 5/8"W x 2"D.
- Board dimensions: 48"H x 72"W, made of Ultra Aluma-Lite™.
- Ideal for use with Ultra-Cling™ markings to visibly provide metrics, track progress, and indicate goals (sold separately, pg 20).

Benefits

- Increases accountability by tracking progress towards expectations.
- Improves visibility on performance in real-time.
- Drives focus, prioritizing the most important metrics and goals.
- Facilitates communication between team members.
- Visually creates a clear picture of team status.

CUSTOMIZE IT! Dry Erase Key Performance Indicator (KPI) Boards

Cause & Effect KPI-Boards

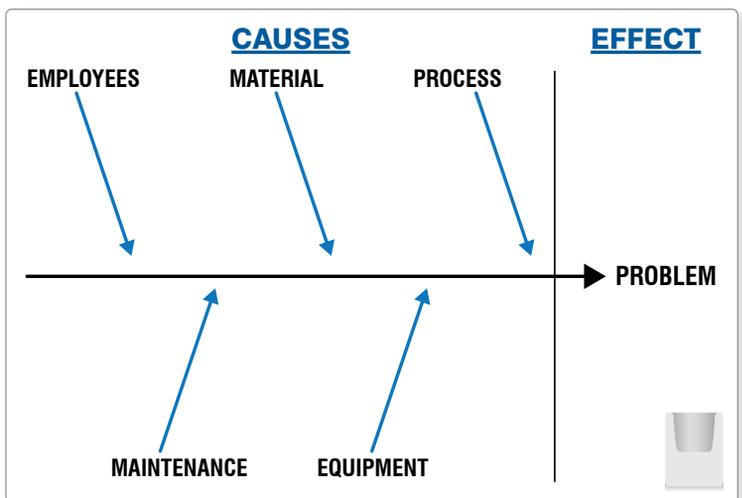

Cause & Effect Fishbone KPI-Boards help identify the root causes of a problem.

Key Features

- Dry erase KPI-Boards available in 2 different designs.
- Board dimensions: 32"H x 48"W, made of Ultra Aluma-Lite™.
- Includes 1 dry erase marker and eraser holder: 4 3/4"H x 3 5/8"W x 2"D.
- Use with dry erase markers to visibly provide metrics and indicate goals (dry erase marker set sold separately, pg 20).

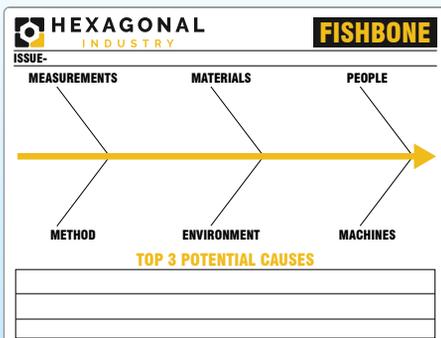

Benefits

- Clearly define problems or issues that need to be addressed.
- Brainstorm, identify and categorize potential causes.
- Determine which causes are most likely to be at the root cause of a problem.
- Develop and prioritize solutions to address the identified causes.
- Implement and monitor the solutions to ensure they are effective.

PBT512

Chain of Events KPI-Boards

Chain of Events KPI-Boards focus on understanding the sequence of events leading to particular outcomes.

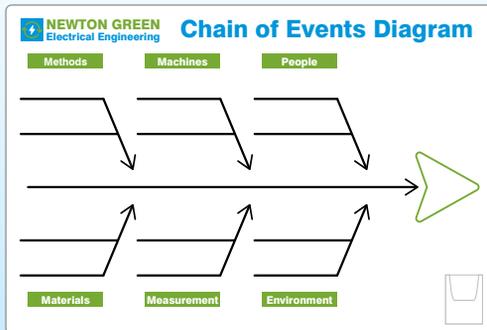

Key Features

- Dry erase boards available in 2 different designs.
- Board dimensions: 32"H x 48"W made of Ultra Aluma-Lite™.
- Includes 1 dry erase marker and eraser holder: 4 3/4"H x 3 5/8"W x 2"D.
- Use with dry erase markers to visibly provide metrics and indicate goals (dry erase marker set sold separately, pg 20).

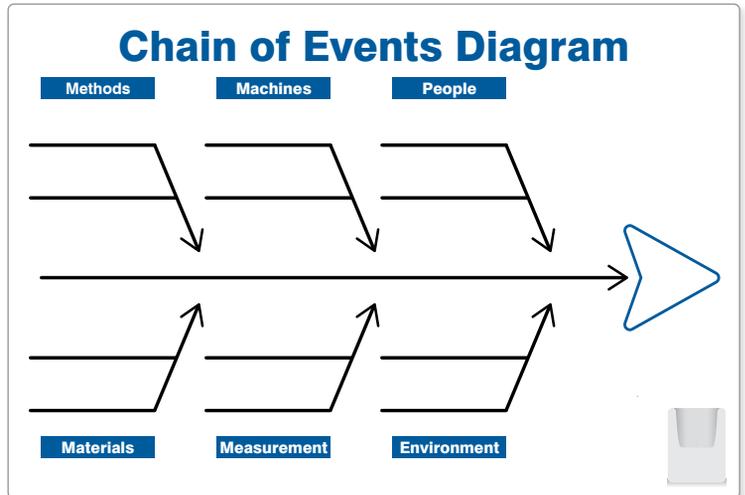

Benefits

- Identifies potential hazards in a system or process.
- Helps improve risk management by providing a visual representation of factors contributing to a particular outcome.
- Provides a clear picture allowing for better decision making.
- Improves safety by identifying factors that could lead to hazardous conditions.

ULTRA-CLING™

Ultra-Cling™ is an advanced repositionable self-adhesive material that possesses thousands of micro suction cups that grip to most clean flat surfaces.

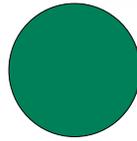

- Apply, reposition, and remove repeatedly.
- Easily clean bottom surface with damp cloth or mild soap to restore grip.
- Available in stock and custom solutions to meet your specific needs.

Accessorize your KPI-Boards - No magnets required!

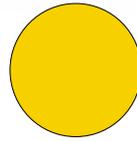

Ultra-Cling™ Shapes

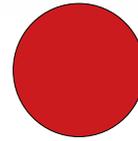

- Optimal for KPI boards and any dry erase surfaces.
- Excellent for short-term, indoor use.
- Mix and Match styles and colors.
- Sold in packs of 10.

Distance Chart

Image size determined by distance from the projector

LED Crosswalk Projectors

- Brighter and more distinct than alternative solutions for better contrast against surface
- Withstands wear and tear better than painted lines
- Two different style crosswalks available: Style 1 - STOP (red, white & yellow)
- Style 2 - CAUTION (green, white & yellow)
- Select your ideal mounting height from our predetermined options tailored to your facility's requirements and we'll handle everything, ensuring a reliable and bright 3-foot by 10-foot projection every time.
- 200W LED Crosswalk Projector is made of heavy duty cast aluminum.
- Over 40000-hour (4.5 to 5-year) life cycle
- Plug and Play operation with 6' cord
- IP65 rated
- Equipped with mounting hardware
- Compatible with our plug and play motion sensor, part number VPL3MS (sold separately)

10-ft x 3-ft Crosswalk

Provides a Consistent Level of Brightness Regardless of Mounting Height.

LED Line Projectors

Use LED Line Projectors to create walkways and crosswalks in any facility. This readily adaptable and cost-effective solution prevents accidents and injuries, complies with regulations, and promotes efficiency.

- 100W LED Line Projectors are a NEW and more cost-effective solution, that offers more color choices. (Green, Red & Yellow)
- Over 40000-hour (4.5 to 5-year) life cycle
- Higher installation capabilities (15' – 30' installation height)
- Longer linear footage projections (anywhere from 12' – 27')
- Wider line projections (3" – 6" widths)
- Exceeds OSHA recommended line widths (2" – 4")
- Projector is designed for bright warehouse environments
- Low temperature range is effective in freezers and sub-zero facilities (-13°F to 104°F)
- 1 Year warranty offers added reassurance
- Easy install plug & play with mounting hardware included

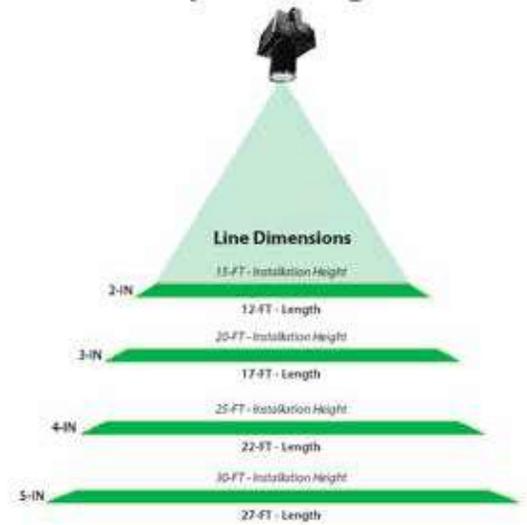

Higher Installation, More Colors & Better Clarity!

Unit

Each

Projection Diagram

Laser Line Projector

Laser Line Projectors offer precise alignment and positioning, making them a great solution for pallet assembly areas and receiving docks, among other use cases.

- Project a laser line along the floor to guide forklift drivers to the precise unloading location for pallets.
- Each projector casts a single line that can measure up to 36-ft.
- Includes adjustable covers at the lens to shorten laser line lengths if needed.
- Average projector lifespan approximately 9600 hrs. (2.5 years)
- Mounting height should not exceed 15-ft
