Trailer Warning Flags

There are many risks when unloading/loading trailers and trucks. Reduce hazards by strategically placing Trailer Warning Flags around the perimeter of your trailer. Positioning flags on the opposite sides of where it's being loaded or unloaded will keep pedestrians out of harm's way.

- Durable aluminum bracket with high visibility plastic flag
- Simply drop bracket onto any bed frame opening
- Flag positions easily using hook and loop mounting tabs
- · Sign portion can be rolled for storage

Site Safety Signs

Lightweight materials provide an economical solution for temporary applications.

Contractor Preferred Corrugated Plastic* (CC) offers light abrasion and chemical resistance that will not rust, chip, or crack.

- Fluted polypropylene plastic
- Requires mounting to a wall or fence
- Finished with square corners

Contractor Preferred Aluminum (CA) is protected by Duck Armor™ Liquid Laminate. Light duty, industrial solution for use indoors and out.

- Thin enough to conform to curved surfaces
- · Finished with rounded corners and four mounting holes

Contractor Preferred Mesh* (MBM) constructed of heavy-duty polyester scrim mesh coated with PVC material that holds up in high winds.

- · UV-resistant ink prevents fading
- Welded hems and metal grommets

Flexible Sign and **Frame System**

Get a huge sign at a fraction of the price of a rigid sign. No grommets, wrinkles, snags, or rips!

- · Perfect for on premise signage, banners, wall-scapes, and billboards
- Flexible sign is made of a durable vinyl material, hemmed on all sides
- · Frame provides a finished look to your sign
- Innovative frame spring system distributes continuous tension evenly, keeping your message tight and wrinkle/sag-free
- · Installation or change-out is easy with pull through spring hooks, eliminating the need for grommets, cables, or clips
- Available in several attachment methods to accommodate your specific applications including steel siding, masonry, windows, backlight cabinets, and indoor environments
- · Ships pre-measured, pre-sprung, and prepped for out of the box installation at your project location
- Doesn't require the expensive, slow LTL crating and shipping of ridged signs

Electronic Scoreboards

The Digi-Day® that dominated the electronic scoreboard market for years has been upgraded!

MARNING: Cancer – www.P65Warnings.ca.gov

New features include a slimmer board style (1"D), indoor or outdoor placement** including wet or damp conditions, and the best part – you can now control up to 5 digital displays with one remote!

- Count days without an accident in green, or in the event of an accident, set the display to red until you meet your new safe days goal
- Track the 7-day week, or only your company's work days
- Internal clock advances counter by one automatically, every 24 hours; set to change any time of day
- Display days only or flash between days, date, and clock
- Tamper-proof operation with easy to use handheld remote control
- In a power failure, all information is stored*

Specifications:

- IP65 tested for dust and water resistance
- 28" x 20" x 1" aluminum construction
- Built-in hidden rear mounting brackets
- Four-digit, bright LED display with 2 1/2"H numbers
- Operates on 110/120 VAC with 8-ft. power cord and AC adapter
- Protected by Duck Armor™ Liquid Laminate
- * Indicators notify when a hold or power failure has occurred.
- ** Power receptacles exposed to wet environments should be plugged into a GFI outlet with waterproof protective receptacle cover. Mount these scoreboards under protective overhang or covered area.

Brass Body Padlocks

Insulated safety locks just got better!

Plastic-covered safety padlocks are insulated to prevent electric shock. Lock components are non-magnetic and non-sparking making it ideal for use in lockout/tagout procedures. The corrosion resistant brass body stands up to the harshest environments including chemical washdowns and high-pressure cleaning found in food and beverage facilities. The solid brass body is encased by a colored plastic cover for quick recognition and distinction.

- · 6-pin cylinder offers the maximum number of different key combination:
- · Retaining key feature, you cannot take the key out when padlock is unlocked
- Comes with one key per lock
- Extremely corrosion resistant
- Excellent for use in food and beverage industry
- Meets OSHA Lockout/Tagout requirements

To order, add color code after part number. Red - RD, Orange - OR, Yellow -YL, Green - GN, Blue - BU, Purple - PR, Brown - BR, Black - BK, White - WT
