

# CUSTOM Made Easy!

## A Faster Way To Customize Compliance

Design ID Pro is AccuformNMC's next-generation design platform, built to make creating compliant signage fast, simple, and intuitive.

Whether you're ordering one sign or managing signage across locations, Design ID Pro streamlines customization while ensuring compliance — with more capabilities rolling out this year.

- ✓ **Simple, guided customization**
- ✓ **Consistent, compliant results**
- ✓ **Expanding product options across safety, facility, and site signage**

### What You Can Expect

#### Fast by Design

Create customized signs quickly with an intuitive, self-serve design experience.

#### Built for Compliance

Design tools support OSHA, ANSI, and industry-recognized standards — helping you design with confidence.

#### Designed to Grow

Design ID Pro is an evolving platform, with new customizable products launching throughout 2026.

### The Guided Workflow

1 Choose Format

2 Select Materials & Size

3 Apply Compliant Header

4 Customize Text & Symbols

5 Real-Time Pricing & Checkout

**End-to-End custom product configuration in under a minute**

# Custom Products Available Now

Design ID Pro already supports a growing range of customizable products — with additional options launching throughout Q1 and beyond.

## Custom Safety Signs

Create custom OSHA and ANSI safety signs with compliant layouts, signal words, and professional-grade materials.

## Custom Header Signs

Design custom header signs by selecting a compliant header and adding personalized safety messages and graphics.

## Custom No Header Signs

Create custom text-only safety signs without headers for flexible messaging and non-standard applications.

## NFPA Diamond

Create personalized placards with custom hazard ratings to fit your specific needs.

## Custom OSHA/ANSI Tags by the Roll

Ensure workplace safety and compliance with tags designed to meet OSHA and ANSI standards.

## Custom Tags by the Roll

Create branded safety tags with custom headers, messaging, and layouts.

## Custom OSHA-ANSI Safety Tags

Create OSHA- and ANSI-formatted safety tags with customizable messages and durable materials built for compliance and longevity.

## Custom Site Tags Photo Upload

Create site tags with uploaded photos, logos, and custom messaging for equipment identification and jobsite documentation.

## Custom Header Safety Tags

Design custom header safety tags by selecting a compliant header and adding personalized safety messages and graphics.
